SEMINARS

You will be able to choose 2 seminars, 1 from each session as follows

Session 1

**1. Youth leaders:
Leadership: how your life can
impact others**

Are leaders born or made? Can you become a better leader or just be faithful? This seminar will consider the qualities needed for this to be a reality and how can we develop into the kind of leaders we are called to be.

**2. Children's leaders :
Me...a children's ministry leader?
Yes you can!!**

Come along to this seminar as we think through some key skills and techniques for working with children from preparing a lesson to managing a small group and much more!

Schedule

Session 2

**1. Youth leaders:
Relationship: fuelling youth
ministry person to person**

"Relationships are the fuel on which youth work travels" No matter how good our programmes, how gifted our leaders, if they fail to connect with the young people on a basic level, the impact will be affected.

**2. Children's leaders :
Creative ways to teach the Bible**

This workshop type seminar is going to look at two familiar Bible stories – one Old Testament and one New Testament – and think about how we can teach them in a fresh way to the children we do ministry with.
